

I kept these small for ease of emailing. All of these photos are available in high resolution form at

<http://picasaweb.google.com/chris.rockspringfarm/PHHDT?authkey=Gv1sRgCO SP8vGh8lLeowE&feat=directlink>

Most, if not all, of these photos are also available at full size in the Power Point Presentations included in this project, as are many more.

I did not include photos of equipment that was already in the previous project's photo collection.

Except where noted, credit belongs to Chris Blanchard.
