

Value Chain Partnerships

Regional Food Systems Working Group Meeting

9 June, 2008 from 9:00 a.m. – 2:30 p.m.

Iowa Arboretum, 1875 Peach Ave., Madrid, Iowa

Iowa Arboretum is located in scenic, rural Boone County. Just follow Highway 17 to Luther, turn west on E-57 and drive 2-1/2 miles. On Peach Avenue turn south and drive 2 miles. You'll come right to us! Or, access the map version at: http://iowaarboretum.org/cm/index.php?option=com_content&task=view&id=20&Itemid=37

This will be an exceptional meeting that you won't want to miss! In addition to the latest learnings, insights, and challenges from the four regional groups, we are bringing to Iowa Joseph McIntyre, executive director of the Ag Innovations Network, who leads the Ag Futures and Food System Alliance project in California.

For more on the Ag Futures and Food System Alliance project go to: <http://www.rocfund.org/voices-from-the-field/news-from-the-ag-futures-and-food-system-alliances.html>

Although the Ag Futures and Food System Alliance is broader in scope than RFSWG, there are common principles and processes of bringing diverse groups together to achieve common goals that we share.
